SYED MUHAMMAD ABDULLAH MAHMOOD
FULL–STACK DEVELOPER

Karachi | syedabdullah8750@gmail.com | Linkedin | Github | +923460881856

SUMMARY

Energetic Full Stack Developer skilled in building responsive and scalable web applications using the MERN stack and Next.js. Proficient in RESTful API development, Redux state management, and crafting elegant UIs with Tailwind CSS. Experienced with Git, third-party API integration, and deploying apps on platforms like Vercel and Render. Strong problem-solver passionate about clean code, continuous learning, and delivering high-impact solutions.

PROFESSIONAL SKILLS

Design Understanding   Problem Solving
Team Collaboration   Adaptability

TECHNICAL SKILLS

JavaScript | React.js | Next.js | HTML | CSS Tailwind CSS | Redux Toolkit | Node.js |Express.js | MongoDB | REST APIs | JWT Authentication | API Integration | Git | GitHub Postman | Vercel | Render | Cloudinary | SEO Basics | Responsive UI | Python | C Language

PROJECTS

BaggyBuy – Full-Stack E-commerce Web Application   Live Demo **|** Github Repo
Developed a fully functional e-commerce platform with secure user authentication using JWT and cookies.
Built product listing, cart, checkout, and admin dashboard using React, Redux, Node.js, and MongoDB.
Integrated Cloudinary for image uploads and Stripe(Test) for secure payment processing.
Deployed on Render using a cloud-based MongoDB Atlas database.

Dalzo – Daily Task Manager Web Application   Live Demo | Github Repo
Built a task manager with secure Clerk authentication (Google OAuth & email/password).
Built task CRUD functionality with automatic priority-based sorting (High, Medium, Low).
Designed a responsive SaaS-style UI using Next.js (App Router) and Tailwind CSS, optimized for all devices.
Deployed on Vercel with a custom domain and full SSL support.

My 3D Portfolio – Full-Stack Developer Portfolio Website   Live Demo | Github Repo
Built a 3D portfolio using React, Tailwind CSS, Three.js, and Framer Motion.
Showcased projects with smooth scroll, animations, and reusable components.
Integrated EmailJS contact form and deployed a responsive site on Vercel.

EXPERIENCE

Full Stack Developer (Project-Based Role)   **September 2023 - Present**
Built and deployed multiple full-stack web applications using MERN & Next.js. Collaborated in group
projects with a focus on backend integration, API development, and responsive UI design.

EDUCATION

Bachelor of Engineering in Chemical Engineering   **August 2022 - Present**
NED University of Engineering & Technology
